Add \$10.00 for each additional 10 minutes	

We do understand that unforeseen things can happen that may make you late to pick-up your child and in those instances we will gladly stay with your child and make him/her feel comfortable and secure while he/she waits for you. When staff personnel must stay past their scheduled time, it is a significant cost to the Center and rather increase everyone's tuition to cover these costs, we must report to passing the cost on individual assessment.
